Such support will be provided between the hours of 8 AM and 8 PM Eastern Time, excluding weekends and holidays; provided, however, that this will only extend to the functionality of the Software and does not substitute

Analyst1 for Customer's internal IT capabilities or provide support for Third-Party Materials. Analyst1 will use commercially reasonable efforts to resolve basic issues relating to the Software including usage, how-to questions and quality problems. Collectively, this Section 2.1 constitutes "**Technical Support**," and collectively with the Professional Services (as defined below), the "**Services**" which may be provided by subcontractors, affiliates, and/or vendors of Analyst1.

2.2 Additional Training. Additional training requested by Customer exceeding the amounts provided in the applicable Order Form will be agreed upon in advance by the parties and provided at Analyst1's then standard fees for similar services and products.

Each SOW will describe (a) the Professional Services to be performed and any related deliverables, Documentation or other material to be provided by Analyst1, and (b) the anticipated delivery date(s) and Fees for the Professional Services.

2.4 Usage Data. Analyst1 may collect and use information relating to the use and performance of Software and related Services, including without limitation, telemetry data, usage data and other metadata collected regarding Customer's use of the Software and Services in an aggregated and anonymized manner, and as described in the Analyst1 Privacy Policy available at https://analyst1.com/privacy-policy/.

2.5 Data Management. Customer must not upload, store, make available or submit for processing any information subject to the Health Insurance Portability and Accountability Act, as amended ("**HIPAA**"); the Payment Card Industry Data Security Standards ("**PCI-DSS**"); the Federal Risk and Authorization Management Program ("**FedRAMP**"); the General Data Protection Regulation ("**GDPR**") or any similar data protection laws of the European Economic Area ("**EEA**"), the United Kingdom or Switzerland. To the extent that Customer uploads, stores, makes available, or processes such data through or using the Software, Customer does so exclusively at its own risk. In the event that such data is uploaded, stored, made available, or processed through or using the Software, Analyst1 shall, have the right to suspend or limit access to the Software to the extent and for so long as reasonably necessary for such data to be removed and deleted, at Customer's cost.

3. FEES AND PAYMENT

3.1 Fees. Customer will pay Analyst1 any agreed-upon fees set forth in the applicable Order Form and/or SOW ("**Fees**") in accordance with this Section. Except as otherwise specified in the applicable Order Form or SOW, all Fees will be paid to Analyst1 within thirty (30) days from Customer's receipt of an invoice. Analyst1 may increase Fees no more than once annually for any contract year after the first contract year of the Term by providing written notice to Customer at least sixty (60) calendar days prior to the commencement of that contract year and the Agreement will be deemed amended accordingly. Such increase will not exceed five percent (5%) annually.

3.2 Usage Limits. Customer's license to use the Software will be limited to, and Customer will not use the Software in excess of, the number of permitted Authorized Users or such other limitations as are set forth in this Agreement or the applicable Order Form. If Customer's actual usage exceeds the licensed-for amount indicated in the applicable Order Form (in license number or scope), Customer will be responsible for paying for all applicable usage that exceeds the limitations set forth in the applicable Order Form. Analyst1 has the right to monitor and audit Customer and its Authorized Users' usage, including with respect to the creation and usage of API Keys, during the Term to ensure compliance with such usage limitations and to invoice Customer for any such overages or usages inconsistent with this Agreement. Such overage payment will be subject to the terms and conditions of this Agreement. Each API Key issued by Analyst1 is licensed for use with a single integrating product or workflow only. Customer may not use, share or permit the use of any API Key across multiple integrating products, workflows or third-party systems without Analyst1's prior written consent.

3.3 Taxes. All Fees and other amounts payable by Customer under this Agreement are exclusive of taxes and similar assessments. Without limiting the foregoing, Customer is responsible for all sales, use, and excise taxes, and any other similar taxes, duties, and charges of any kind imposed by any federal, state, or local governmental or regulatory authority on any amounts payable by Customer hereunder, other than any taxes imposed on Analyst1's income.

3.4 Late Payment. If Customer fails to make any payment when due then, in addition to all other remedies that may be available: (a) Analyst1 may charge interest on the past due amount at the rate of 1.5% per month calculated daily and compounded monthly or, if lower, the highest rate permitted under applicable law; (b) Customer will reimburse Analyst1 for all reasonable costs incurred by Analyst1 in collecting any late payments or interest, including attorneys' fees, court costs, and collection agency fees; and (c) if such failure continues for thirty (30) days following written notice thereof, Analyst1 may suspend hosting of the Analyst1 Hosted Software until all past due amounts and interest thereon have been paid, without incurring any obligation or liability to Customer or any other person or entity by reason of such suspension.

3.5 No Deductions or Setoffs. All amounts payable to Analyst1 under this Agreement will be paid by Customer in full without any setoff, recoupment, counterclaim, deduction, debit, or withholding for any reason (other than any deduction or withholding of tax as may be required by applicable law).

4. OWNERSHIP

4.1 Reservation of Rights. As between Customer and Analyst1, all right, title, and interest in and to the Software, including all intellectual property rights therein, are and will remain with Analyst1. The applicable third-party providers own all right, title,

and interest, including all intellectual property rights, in and to the Third-Party Materials. Customer has no right, license, or authorization with respect to any of the Software except as expressly set forth in Section 1.2 or the applicable third-party license, in each case subject to Section 1.4.

4.2 Customer Content License. Customer hereby grants Analyst1 a perpetual, non-exclusive, worldwide, fully paid up, royalty free license to reproduce, distribute, transmit, display, reformat, modify, create derivative works of, and otherwise use any (a) Customer Content in order to perform Analyst1's obligations under this Agreement and (b) metadata in order to improve Analyst1's products and services. Customer will obtain, at its sole expense, all consents, rights, licenses, permissions and clearances required under applicable laws for Analyst1 to use the Customer Content for the purposes contemplated by this Agreement. Customer represents and warrants to Analyst1 that: (i) Customer has all rights in Customer Content necessary to grant the license to Analyst1 set forth in this Section 4.2; and (ii) none of Customer Content or Customer's or any Authorized Users' use of Customer Content in connection with the Software will violate (1) any agreement, contract or commitment of Customer, or (2) the intellectual property rights or other rights of any third party.

4.3 Customer Content. Subject to the license provided in Section 4.2 above, as between Analyst1 and Customer, Customer retains all right, title, and interest, including, without limitation, all patent rights, copyrights, trademarks and trade secrets, in and to the Customer Content and any portion thereof, including, without limitation, any copy or derivative work of the Customer Content (or any portion thereof) and any updates thereto. Analyst1 will not take any action to jeopardize, limit or interfere in any manner with Customer's ownership of and rights with respect to the Customer Content.

4.4 Feedback. If Customer or any of its employees or contractors sends or transmits any communications or materials to Analyst1 by mail, email, telephone, or otherwise, suggesting or recommending changes to the Software or Services, including without limitation, new features or functionality relating thereto, or any comments, questions, suggestions, or the like ("**Feedback**"), Analyst1 is free to use such Feedback irrespective of any other obligation or limitation between the parties governing such Feedback. Customer hereby assigns to Analyst1 on Customer's behalf, and on behalf of its employees, contractors and/or agents, all right, title, and interest in, and Analyst1 is free to use, without any attribution or compensation to any party, any ideas, know-how, concepts, techniques, or other intellectual property rights contained in the Feedback, for any purpose whatsoever, although Analyst1 is not required to use any Feedback.

5. CONFIDENTIAL INFORMATION

5.1 Definitions. From time to time during the Term, Analyst1 may disclose or make available to Customer information about its business affairs, products, confidential intellectual property, trade secrets, third-party confidential information, and other sensitive or proprietary information, whether orally or in written, electronic, or other form or media, whether or not marked, designated or otherwise identified as "confidential" (collectively, "Confidential Information"). Confidential Information does not include information that is: (a) in the public domain at the time of disclosure or subsequently falls into the public domain through no fault of Customer; (b) known to Customer at the time of disclosure; (c) rightfully obtained by Customer on a non-confidential basis from a third party without confidentiality obligations to the Analyst1; or (d) independently developed by Customer. Without limiting the foregoing: the existence of this Agreement is the Confidential Information of Analyst1.

5.2 Use and Disclosure Restrictions. Customer will not disclose Analyst1's Confidential Information to any person or entity, except to Customer's employees, agents, affiliates, or subcontractors who have a need to know the Confidential Information for Customer to exercise its rights or perform its obligations hereunder. Notwithstanding the foregoing, Customer may disclose Confidential Information to the limited extent required (a) in order to comply with the order of a court or other governmental body, or as otherwise necessary to comply with applicable law, provided that Customer, when making the disclosure pursuant to the order or applicable law will first (to the extent permitted by law) have given written notice to Analyst1 and, at the request and expense of the Analyst1, have made a reasonable effort to obtain a protective order; or (b) to establish Customer's rights under this Agreement, including to make required court filings. Except as otherwise provided herein, on expiration or termination of the Agreement, Customer will promptly return to Analyst1 all copies, in any form or media, of Analyst1's Confidential Information, or destroy all such copies and certify in writing to Customer that such Confidential Information has been destroyed. Customer's obligations of non-disclosure with regard to Confidential Information are effective as of the date of disclosure of such Confidential Information and will expire five (5) years from the termination or expiration of this Agreement; provided, however, that with respect to any Confidential Information of Customer that constitutes a trade secret under applicable law, such obligations of Customer will continue for as long as such item of Confidential Information constitutes a trade secret under applicable law.

6. WARRANTIES

6.1 Limited Warranty. Analyst1 represents, warrants, and covenants to Customer that, during the Term: (a) the Software, when used as permitted under this Agreement and in accordance with the instructions in the Documentation, will perform substantially in accordance with the then-current Documentation and (b) the Services will be performed in a professional, workmanlike manner consistent with standard industry practices for similar services, using personnel with the requisite skill, experience, and qualifications. As Customer's exclusive remedy and Analyst1's sole liability for breach of the warranty set forth in this Section 6.1, Analyst1 will use commercially reasonable efforts to correct the non-conforming portion of the Software or re-perform the Services at no additional charge to Customer. If Analyst1 is unable to correct such deficiencies after commercially reasonable efforts, Analyst1 may, upon written notice to Customer, terminate the applicable Order Form and refund to Customer any unused and prepaid Fees with respect to the particular Order Form.

6.2 Exclusions. The limited warranties in Section 6.1 will not

apply if the failure of the Software results from or is otherwise attributable to: (a) repair, maintenance or modification of the Software by persons other than Analyst1 or its designee; (b) accident, negligence, abuse, improper installation or misuse of Software; or (c) use of the Software other than in accordance with the Documentation.

6.3 Exclusive Warranty. THE EXPRESS WARRANTY SET FORTH IN SECTION 6.1 CONSTITUTES THE ONLY WARRANTIES MADE BY ANALYST1 WITH RESPECT TO THE SOFTWARE AND SERVICES, WHICH ARE PROVIDED "AS-IS". ANALYST1 MAKES NO OTHER REPRESENTATION, WARRANTY OR CONDITION OF ANY KIND, WHETHER EXPRESS OR IMPLIED (EITHER IN FACT OR BY OPERATION OF LAW), WITH RESPECT TO THE SOFTWARE OR SERVICES. ANALYST1 EXPRESSLY DISCLAIMS ALL WARRANTIES OR CONDITIONS OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, ACCURACY, NON-INFRINGEMENT AND TITLE, AND ALL WARRANTIES THAT MAY ARISE FROM COURSE OF DEALING, COURSE OF PERFORMANCE OR USAGE OF TRADE. ALL THIRD-PARTY MATERIALS ARE PROVIDED "AS IS" WITHOUT ANY REPRESENTATION OR WARRANTY WHATSOEVER.

7. CUSTOMER INDEMNIFICATION

Customer agrees to defend (at Analyst1's sole option), indemnify and hold harmless Analyst1 from and against any third-party claim or action (and associated losses or costs, including reasonable attorneys' fees) brought against Analyst1 to the extent based on Customer's (i) gross negligence or willful misconduct, or (ii) alleged breach of Sections 1.4, 4 or 5, in each case provided that Analyst1 promptly notifies Customer in writing of the claim and, if Analyst1 elects to require Customer to defend Analyst1 against such a claim, cooperates with Customer, and allows Customer sole authority to control the defense and settlement of such claim, provided that Customer will obtain Analyst1's consent to any settlement that imposes any liability or obligation on Analyst1.

8. LIMITATION OF LIABILITY

TO THE EXTENT ALLOWED BY APPLICABLE LAWS, IN NO EVENT WILL ANALYST1 BE LIABLE UNDER OR IN CONNECTION WITH THIS AGREEMENT UNDER ANY LEGAL OR EQUITABLE THEORY, INCLUDING BREACH OF CONTRACT, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY, AND OTHERWISE, FOR ANY: (a) CONSEQUENTIAL, INCIDENTAL, INDIRECT, EXEMPLARY, SPECIAL, ENHANCED, OR PUNITIVE DAMAGES; (b) INCREASED COSTS, DIMINUTION IN VALUE OR LOST BUSINESS, PRODUCTION, REVENUES, OR PROFITS; (c) LOSS OF GOODWILL OR REPUTATION; (d) USE, INABILITY TO USE, LOSS, INTERRUPTION, DELAY OR RECOVERY OF ANY DATA, OR BREACH OF DATA OR SYSTEM SECURITY; OR (e) COST OF REPLACEMENT GOODS OR SERVICES, IN EACH CASE REGARDLESS OF WHETHER ANALYST1 WAS ADVISED OF THE POSSIBILITY OF SUCH LOSSES OR DAMAGES OR SUCH LOSSES OR DAMAGES WERE OTHERWISE FORESEEABLE, AND NOTWITHSTANDING THE FAILURE OF ANY AGREED OR OTHER REMEDY OF ITS ESSENTIAL PURPOSE. IN NO EVENT WILL ANALYST1'S AGGREGATE LIABILITY ARISING OUT OF OR RELATED TO THIS AGREEMENT UNDER ANY LEGAL OR EQUITABLE THEORY, INCLUDING BREACH OF CONTRACT, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY, AND OTHERWISE EXCEED THE TOTAL AMOUNTS PAID TO ANALYST1 BY CUSTOMER UNDER THIS AGREEMENT.

9. TERM AND TERMINATION

9.1 Term. The "**Initial Term**" will be twelve (12) months, beginning on the Effective Date (or the first day following the conclusion of the Evaluation Term, as applicable), and will renew for additional successive twelve (12) month periods unless earlier terminated pursuant to this Agreement or either party providing written notice of non-renewal at least sixty (60) days prior to the expiration of the then-current term (each a "**Renewal Term**" and, collectively, together with the Initial Term, the "**Term**").

9.2 Termination for Default. Either party will have the right to terminate this Agreement if the other party commits a material breach of this Agreement and such breach remains uncured thirty (30) days after written notice thereof. Either party may terminate this Agreement, effective immediately upon written notice to the other party, if the other party: (a) becomes insolvent or is generally unable to pay, or fails to pay, its debts as they become due; (b) files, or has filed against it, a petition for voluntary or involuntary bankruptcy or otherwise becomes subject, voluntarily or involuntarily, to any proceeding under any domestic or foreign bankruptcy or insolvency law; (c) makes or seeks to make a general assignment for the benefit of its creditors; or (d) applies for or has appointed a receiver, trustee, custodian, or similar agent appointed by order of any court of competent jurisdiction to take charge of or sell any material portion of its property or business.

9.3 Effect of Termination. Upon the expiration or termination of this Agreement:

(a) all rights, licenses, consents and authorizations granted by either party to the other hereunder will immediately terminate;

(b) Analyst1 will immediately cease all use of any Customer Content and Customer's Confidential Information and (i) within thirty (30) days return to Customer, or at Customer's written request destroy, all documents and tangible materials to the extent containing, reflecting, incorporating, or based on Customer Content and Customer's Confidential Information;

(c) Customer will immediately cease all use of the Software and (i) within thirty (30) days return to Analyst1, or at Analyst1's written request destroy, all documents and tangible materials to the extent containing, reflecting, incorporating, or based on or including the Software or Analyst1's Confidential Information and (ii) certify the same in writing;

(d) Analyst1 may disable all Customer and Authorized User access to the Software;

(e) if Customer terminates this Agreement for cause, Customer will be relieved of any obligation to pay any Fees attributable to the period after the effective date of such

termination and Analyst1 will refund to Customer Fees paid in advance for Software or Services that Analyst1 has not performed as of the effective date of termination; and

(f) if Analyst1 terminates this Agreement for cause, all Fees that would have become payable had the Agreement remained in effect until expiration of the Term will become immediately due and payable, and Customer will pay such Fees, together with all previously-accrued but not yet paid Fees, on receipt of Analyst1's invoice therefor.

9.4 Survival. The following Sections survive expiration or termination of this Agreement: 1.4, 2.4, 2.5, 3, 4, 5, 6.3, 7, 8, 9.3, 9.4 and 10. Except where an exclusive remedy is provided, exercising a remedy under this Agreement, including termination, does not limit other remedies a party may have.

10. GENERAL PROVISIONS

10.1 Notices. Each party will deliver all notices, requests, consents, claims, demands, waivers, and other communications under this Agreement (each, a "**Notice**") in writing and addressed to the other party at the addresses set forth in this Agreement (or to such other address that the receiving party may designate from time to time in accordance with this Section). Each party will deliver all Notices by personal delivery, nationally recognized overnight courier (with all fees prepaid), certified or registered mail (in each case, return receipt requested, postage prepaid) or email (with confirmation of transmission). Except as otherwise provided in this Agreement, a Notice is effective only (a) upon receipt or rejection by the receiving party and (b) if the party giving the Notice has complied with the requirements of this Section. Notwithstanding the foregoing, Analyst1 may provide notices to you via the email address you provided on an Order Form for all required or optional notices under this Agreement except notices for material breach or termination.

10.2 Assignment. This Agreement may not be assigned, in whole or part, whether voluntarily, by operation of law or otherwise, by Customer without the prior written consent of Analyst1. Subject to the preceding sentence, the rights and liabilities of the parties hereto are binding on, and will inure to the benefit of, the parties and their respective successors and assigns. Any attempted assignment other than in accordance with this Section 10.2 will be null and void.

10.3 Governing Law, Jurisdiction and Venue. This Agreement will be governed by and construed exclusively in accordance with the laws of the Commonwealth of Virginia (but expressly excluding the Uniform Computer Information Transactions Act ("**UCITA**") as enacted in Virginia), without reference to its conflicts of law provisions. Any dispute regarding this Agreement will be subject to the exclusive jurisdiction of the Virginia state courts in and for Fairfax, Virginia, U.S.A. (or, if there is federal jurisdiction, the United States District Court for the Eastern District of Virginia), and the parties will submit to the personal and exclusive jurisdiction and venue of these courts. This Agreement will not be governed by the United Nations Convention on Contracts for the International Sale of Goods, the application of which is hereby expressly excluded.

10.4 Amendment; Waiver. Analyst1 may modify, amend, or update the terms of this Agreement at any time by posting a revised version of this Agreement on Analyst1's website. The revised version will become effective and binding the next business day after it is posted. Analyst1 will, unless such change is required to respond to a legal requirement or to prevent any abuse of the Software or Analyst1, provide notice of this revision by email or in-app notification in advance. Customer's sole remedy for refusal to agree to any such modification is to terminate this Agreement by discontinuing use of the Software. Customer's continued use of or access to the Software after the effective date of any such modification constitutes Customer's acceptance of and agreement to be bound by the modified terms. The waiver by either party of a breach of or a default under any provision of this Agreement will be in writing and will not be construed as a waiver of any subsequent breach of or default under the same or any other provision of this Agreement, nor will any delay or omission on the part of either party to exercise or avail itself of any right or remedy that it has or may have hereunder operate as a waiver of any right or remedy.

10.5 Severability. If any term or provision of this Agreement is invalid, illegal or unenforceable in any jurisdiction, such invalidity, illegality or unenforceability will not affect any other term or provision of this Agreement or invalidate or render unenforceable such term or provision in any other jurisdiction. Upon a determination that any term or provision is invalid, illegal or unenforceable, the court may modify this Agreement to effect the original intent of the parties as closely as possible in order that the transactions contemplated hereby be consummated as originally contemplated to the greatest extent possible.

10.6 Relationship of the Parties. Nothing contained in this Agreement will be deemed or construed as creating a joint venture, partnership, agency, employment or fiduciary relationship between the parties. Neither party nor its agents have any authority of any kind to bind the other party in any respect whatsoever, and the relationship of the parties is, and at all times will continue to be, that of independent contractors.

10.7 Force Majeure. Except for the payment of monies due hereunder, neither party will be liable for any failure to perform any of its obligations under this Agreement due to unforeseen circumstances or causes beyond the party's reasonable control, including acts of God, riot, embargoes, acts of governmental authorities, fire, earthquake, epidemics or pandemics, flood, acts of terror, computer attacks or malicious acts (such as attacks on or through the Internet, any Internet service provider, telecommunications or hosting facility) and accidents.

10.8 Public Announcements. Customer will cooperate with Analyst1 so that Analyst1 may issue a press release concerning this Agreement, publish Customer's logo and/or details concerning the parties' partnership on Analyst1's website, provided that Analyst1 may not release any such press release without the prior approval of Customer (which will not be unreasonably withheld or delayed). Analyst1 will have the right to use Customer's name as a customer reference.

10.9 Government Use. If Customer is an agency or instrumentality of the U.S. Government, the Software is therefore "commercial computer software" and "commercial computer software documentation" and, as specified in FAR 12.212 or

DFARS 227.7202, and their successors, as applicable, Customer will only have the rights to use, reproduce, or disclose the Software and Documentation specified in and subject to the terms and conditions of this Agreement. If any term or condition set forth in this Agreement: (a) allows for the automatic or unilateral termination or suspension of the U.S. Government's license rights or maintenance of services during the Term of this Agreement; (b) requires the governing law to be anything other than Federal law; (c) requires dispute resolution in a specific forum or venue that is different from that prescribed by applicable Federal law; (d) requires the U.S. Government to indemnify Analyst1; (e) permits equitable or injunctive relief or the award of attorney fees, costs or interest against the U.S. Government; (f) provides for the automatic renewal of the U.S. Government's license or services; or (g) in the case of a contract directly between Analyst1 and a U.S. Government agency, permits the assignment of the Agreement or any claim arising under the Agreement to a third party, then such term and condition will not apply to Customer, unless otherwise authorized by Federal law. Furthermore, nothing contained in this Agreement is meant to diminish the rights of the U.S. D.O.J. as identified in 28 U.S.C. Section 516. To the extent any term and condition set forth in this Agreement is contrary to U.S. Federal procurement law, then such term or condition will not apply to the U.S. Government but will continue to apply to prime contractors and subcontractors of the U.S. Government.

10.10 No Third-Party Beneficiaries. This Agreement is not intended to confer any benefit on any person or entity not a party to this Agreement.

10.11 Further Assurances. On a party's reasonable request, the other party will, at the requesting party's sole cost and expense, execute and deliver all such documents and instruments, and take all such further actions, as may be necessary to give full effect to this Agreement.

10.12 Export Regulation. The Software may be subject to US export control laws, including the US Export Control Reform Act and its associated regulations. Customer will not directly or indirectly, export, re-export, or release the Software to, or make the Software accessible from, any country, jurisdiction or person to which export, re-export, or release is prohibited by applicable law. Customer will comply with all applicable laws and complete all required undertakings (including obtaining any necessary export license or other governmental approval) prior to exporting, re-exporting, releasing, or otherwise making the Software available outside the US.

10.13 Entire Agreement. This Agreement, including the Order Form, and any documents or policies incorporated herein by reference, constitutes the sole and entire agreement of the parties with respect to the subject matter of this Agreement, and supersedes all prior and contemporaneous understandings, agreements, representations, and warranties, both written and oral, with respect to the subject matter of this Agreement. Analyst1's obligations are not contingent on the delivery of any future functionality or features of the Software or dependent on any oral or written comments made by Analyst1 regarding future functionality or features of the Software.
